

## ALGOGATORS ONBOARDING CHECKLIST

### Overview

Welcome to AlgoGators Investment Fund! Our mission is to democratize the field of quantitative finance by providing members with real-world experience in algorithmic trading, data science, software development, and portfolio management. The onboarding process is designed to ensure that all new members:

- Understand the fund's structure, expectations, and operating principles
- Gain access to necessary platforms, tools, and research resources
- Integrate smoothly into the AlgoGators organization and contribute to our success

All new members are expected to complete the onboarding tasks **within the first two weeks** of joining the fund. Upon completion, you will be fully equipped to contribute to our research, trading, and technology development efforts.

### Administrative Setup

- ☐ Review and sign the Participation Agreement
- ☐ Format a polished resume following AlgoGators' standard template
- ☐ Update (Create) LinkedIn profile and add role in AlgoGators
- ☐ Submit PDF copy of class schedule to assigned Team Lead and President
- ☐ Review the fund handbook and calendar

### Technical & Platform Access

- ☐ Join communication channels: iMessage group chat (team and fund), Discord
- ☐ Confirm access to shared OneDrive folder
- ☐ Join AlgoGators' organization on GitHub and review codebase
- ☐ Obtain API keys for data providers
- ☐ Secure credentials for PostgreSQL database
- ☐ Install & configure development environment (IDE, Python, C++, PG Admin, etc.)

### Acknowledgement & Completion

I acknowledge that I have completed the onboarding process and understand my responsibilities within AlgoGators.
